Dear Jim,

Just a brief note to say that I found your letter here upon my return from a short trip over the mountains to see [REDACTED]. He seems to be thriving.

I take it that your letter officially terminates my present contract with the outfit. Before cutting off clearances etc please see Bob Amory. He has something cooking as my clearances have just arrived from the home office at ADC.

If at any time in the future I can be of further assistance to you and your boys do not hesitate to call upon me. I still have some tricks up my sleeves.

Please give my very best to everyone at the shop.

Sincerely

*Ted*
